Here is another relevant email from the past. I think Karen was working with Matt reviewing the 1988 documents.

Well in that case I think we need an extension. The documents will still have to be scanned. Karen, assuming Matt can go through the documents with you on Tuesday, can you give me an estimate of how much additional time you would need to complete your review? I will check with the SF Records Center and combine the time required for scanning with the time you require and initiate and extension request.

Thanks,

David

I hate to dump this on you, Matt, but I think your expertise is what's needed here. I just don't have your experience.

Karen -- I am working at home today and on leave Monday. Best I could do is Tuesday. If Stephen is ok to review the docs, that would be fine. Otherwise I am happy to do this when I get in Tuesday MM

Hi David, Stephen and Matt --

I have reviewed the unindexed documents, but I would like to go over the documents with someone who understands them. I'm working at home today, but the documents are on the rolling file cabinet at the entrance to my cubicle, if one of you can look at them today and call me to talk about them, great, otherwise please let me know your availability on Monday so we can discuss them. I don't think we'll need more than 30 minutes. You can dial my extension (2-3951) because I have EC500 enabled to forward calls.

Thank you!

Stephen,

Just wondering if you had heard any responses from your colleagues? I need to either wrap the FOIA up or request an extension.

Thanks
